

# Conodoguinet Creek Watershed Association Invitation to “A Long Way with Many Bends” Story Map Celebration

Come join the Conodoguinet Creek Watershed Association as we continue to celebrate our 30<sup>th</sup> anniversary. As part of our celebration, we are launching “A Long Way with Many Bends,” which is a digital story map that highlights the creek, its watershed, our association, the Conodoguinet Creek Water Trail, and 30 years of partnerships.

Come enjoy this brief showcase and meet many of the people and partners featured in our story, which was produced by Shippensburg University’s Center for Land Use & Sustainability and funded by PA Environmental Council that features many Cumberland County Partners.
